

TRUMPETS AND OTHER HIGH BRASS

A HISTORY INSPIRED BY THE
JOE R. AND JOELLA F. UTLEY COLLECTION

by Sabine Katharina Klaus

Trumpets and Other High Brass is a series in five volumes, illustrated with instruments from the **Utley Collection** at the **National Music Museum** and other major collections. Informed by the most current scholarship and new imaging technologies, it will comprise a comprehensive history of the trumpet and related instruments and a complete photographic catalog of the Utley Collection.

*The National Music Museum
announces the publication of*

VOLUME 2: WAYS TO EXPAND THE HARMONIC SERIES

This volume describes the emergence of instruments in which the single harmonic series is expanded with crooks, slides, tone holes, or keys. Treasures from the National Music Museum's Utley Collection illustrate the development of chromatic trumpets, cornetti, serpents and keyed bugles before the introduction of the valve. The book traces the slide trumpet from its beginnings to the development of slide cornets and trumpets in vaudeville and jazz in the early 20th century.

Hardcover, 315 pages, 8½ x 11"

More than 600 color photographs.

*Includes DVD with musical examples performed
on instruments from the Utley Collection.*
